PROFILE

Completed a Bachelor's degree in Computer Science and is committed to ongoing learning and exploring emerging technologies. Excels in problem-solving and thrives in collaborative team environments.

TECHNICAL SKILLS

- **Programming Language:** Java (Core, EE)
- **Framework:** Hibernate, Spring
- **Database Management:** SQL, MySQL
- **Web Technologies:** HTML, CSS, JavaScript, Bootstrap
- **Version Control:** Git, GitHub (Basic)

PROJECTS

- **Simple Calculator**
Developed a simple, user-friendly calculator application to perform basic arithmetic operations. This project showcases proficiency in front-end web development technologies.
Technologies used: HTML, CSS, JS **IDE used:** VS Code
- **User Management System** (developed in Hibernate framework platform)
Developed a comprehensive User Management System that facilitates the creation, retrieval, updating, and deletion of user profiles. This system employs the MVC architecture to ensure a modular, maintainable, and scalable application structure.
Technologies used: Java, Hibernate, HTML, CSS, Bootstrap, JSP, Apache Tomcat
Database used: MySQL **IDE used:** Eclipse
- **Note App** (developed in Hibernate framework platform)
Developed a full-stack web application to create, view, update, and delete notes. The application follows the MVC architecture, ensuring a clear separation of concerns and maintainable codebase.
Technologies used: Java, Hibernate, HTML, CSS, Bootstrap, JSP, Apache Tomcat
Database used: MySQL **IDE used:** Eclipse

EDUCATION

- **B.Sc. in Computer Science (Hons.)** [2020 – 2023]
- **Council of Higher Secondary Education, Odisha** [2018 – 2020]
- **Board of Secondary Education, Odisha** [2018]
